Saskatoon, SK S7K 6X6**

**Dear Georgina,**

I am writing on behalf of the membership and board of directors of the Saskatchewan Alfalfa Seed Producers Association (SASPA) to commend you and the Radisson Hotel staff for the excellent service you have provided to our organization with respect to the recent SASPA 2010 Saskatchewan alfalfa seed conference, which was held at the Radisson Hotel Saskatoon on January 14 - 15, 2010.

From the initial planning stages through to holding the event itself, I have been extremely impressed with the professionalism of the Radisson Hotel Saskatoon staff at all levels including conference meeting room set-up, conference trade-show area set-up, audio-visual equipment set-up, and of course the high quality catering service for our conference reception, luncheon and coffee breaks.

After recently checking my files, I am able to confirm the SASPA Saskatchewan alfalfa seed conference has been held at the Radisson Hotel Saskatoon on an annual basis since 1994; this is in addition to the board of directors meetings and research group meetings which we also hold at the hotel at various times each year. The reason we keep coming back is simple - the Radisson Hotel provides us with superior service and is the finest venue for our conference in Saskatoon.

Best regards,

**Wayne Goerzen  
SASPA Executive Director
