

HOTEL NARITA
ラディソンホテル成田

The Radisson Hotel Narita is proud to announce the commencement of complimentary high-speed Wireless Internet connection available in all 490 guest rooms, banquet/meeting facilities, and public areas. The service comes with a multi-language support help line available 24 hours a day and boasts Internet speed of 1G.

With our easy-to-follow instructions, you can log on to your corporate network, access email, download your favorite movies or music, shop, do whatever it is you like to do online, and do it for free!

This new development makes the Radisson Hotel Narita the perfect choice for business and pleasure travelers alike and sets us apart from other hotels in the Narita area.
