

My experience with the staff at the Radisson Hotel has been phenomenal. Everyone from Georgina, Catering Manager, Alice, Reservations Manager, Michael and Dawn, Banquet Managers, Wade Moffatt, Front Desk Manager, and Devin Ferguson, Technical Service Manager, has gone the “extra mile” to ensure every event, every booking from room reservations to the smallest detail of our Annual Convention has been handled with efficiency and professionalism.

As Events Coordinator for Insurance Brokers Association, it is my job to coordinate various annual events. Georgina is always on hand to ensure that I have enough guest and event rooms, even last minute changes and additions. Her thoughtful suggestions for meals and wines has been greatly appreciated.

Our Annual Convention is a whirlwind of activity for three days. The Radisson staff has worked long hours with me ensuring every detail was looked after: delivering our gifts baskets to the guestrooms, ensuring the “special guests” had the appropriate rooms, that our hospitality suite was well stocked and ready for each group of guests no matter what time of day or night, that each event had the correct room setup, that every meal was timely, hot and delicious. A watchful eye was present at each event ensuring that assistance was readily available when problems arose. I really appreciated Georgina’s willingness to work with me creating “interesting” meals and fun, tasty snacks for our coffee breaks. The Reception menus from small to large were creative and of excellent quality.

I truly appreciate the warmth of the relationships I have made with Georgina and the Management Team and the humour and spirit of “we can make anything work” attitude displayed by all.

A handwritten signature in black ink, appearing to read "Jan Mielton". The signature is fluid and cursive, with a large loop at the end of the last name.
