

## JOIN THE CLUB | Club Carlson for Planners with Radisson Suites Bangkok Sukhumvit

Earn rewards you can really use, with our Club Carlson for Planners program. You can earn Gold Points® from your event, meeting or even banquet dinner based on the total amount you spend on qualifying goods and services at Radisson Suites Bangkok.

All Club Carlson members now can book meetings and events globally knowing that carbon credits will be automatically purchased to offset the estimated carbon footprint for every Club Carlson for Planners meeting booked at participating hotels. This will be done at no cost to the planner or client.

You can earn points all over the world, and choose to redeem points for Free Award nights, Express Awards which is instant redemptions at the hotel, PayPal deposits for all your online shopping, Airline Miles and more. There's no minimum amount to spend to start earning Gold Points, so every dollar counts!

### How Are Points Earned

- You'll earn 3 Gold Points for every USD you spend on total qualifying event purchases up to USD 5,000
- If you spend more than USD 5,000 at any participating hotel, you'll earn 5 Gold Points per USD spent

### How to Start

- Tell us at the time of enquiry or booking that you wish to participate in the Club Carlson for Planners program
- To collect points, all your meeting or event charges have to be applied to one master bill.
- You only earn Gold Points on hotel-provided services and amenities. Some of our services and amenities are outsourced depending on specific hotel, so they may not be counted in your Gold Points total. You can ask your hotel for more info about this.

### Signing up for Club Carlson for Planners is easy:

- Setting up an account is easy, all we require is for you to be a Club Carlson member
- You can start earning points when you organize any events, banquets and meetings
